

## **POSITIONS**

ACWADAM is recruiting for the following positions:

1. Two Scientists: Post-graduate, with at least 3-5 years experience in research/academic institution or an NGO - Post-graduate in geology. Salary commensurate with profile and performance at interview.

2. Two Researchers: Post-graduate in geology with 2 years experience. Fresh post graduates will also be considered in the above disciplines with some experience and aptitude to work on groundwater-related issues.

Both the positions will be contract positions for 3 years, with the possibility of longer-term employment with ACWADAM, subject to performance and project development. Working in the field will be mandated with possibilities of fieldwork across India and possibly also in other regions of the sub-continent.

Advanced Center for Water Resources Development And Management (ACWADAM) works on the science of groundwater management in different regions of India. For details please visit our website: [www.acwadam.org](http://www.acwadam.org)
